Coach - Athlete Relationship: Having the difficult conversation

EASTERN FORUM

Tuesday 4 June | 5pm AEST / 2pm WIB / 9am CET | ZOOM

The coach-athlete relationship is unique and the most important in sport. And like any other relationship, it has to be worked at and there will be bumps along the journey. When the bumps occur, how do we tackle them? In this forum, we welcome speakers who will, through their experience and knowledge, discuss how we can successfully approach and resolve difficult conversations.
